InVigor® R 4520P

TruFlex®
CANOLA with Roundup Ready®
Technology

A standout for both yield and flexibility

The latest TruFlex upgrade option, especially in higher rainfall areas, InVigor R 4520P combines a further boost to performance with two traits which ensure its outstanding yield potential can be realised season after season.

So why choose InVigor R 4520P?

Top-end yield potential backed by management flexibility that ensures you can overcome likely challenges by taking full advantage of:

PodGuard:

- Greater freedom to manage your harvest program
- Windrow later to achieve maximum pod fill, or direct-head with less risk of shattering
- Less seed loss during the harvest process
- Extra protection from unpredictable weather events

PLUS

TruFlex with Roundup Ready technology:

- Extended application window from emergence to first flower
- Greater flexibility in spray rates to help improve weed control
