

The proven performer
you can bank on

InVigor® T 4510

**TRIAZINE
TOLERANT**

Reap the rewards of
switching from OP TTs to
the exceptional reliability
of this versatile variety

InVigor® T 4510 has been offering growers solid and dependable performance across a range of growing regions since it was first trialed in 2013. That's why it's one of the most popular TT hybrids on the market.

So why choose InVigor T 4510?

- Higher yields and gross margins than other well-established TT hybrids.
- Great financial returns when compared to farmer-retained TTs.
- Ideally suited to low-medium to medium rainfall areas – offering solid results in an average season and great results in a good one.

Enjoy extra peace of mind

Our seed replacement guarantee** to help you offset risk in your program.

Variety profile:

Herbicide tolerance:	Triazine Tolerant
Flowering maturity:	Early-Mid (4.5)
Blackleg rating:	R (with ILeVO® or Jockey® Stayer®) MR (with EverGol® Xtend)
Blackleg grouping:	BF
Alternative to:	Hyola® 559TT, Hyola 650, 44T02, HyTTec® Trophy, SF Turbine, SF Ignite, DG 670, Stingray, Bonito, Wahoo
Plant height:	Medium
Lodging resistance:	Good
PodGuard®:	No

VIGOUR:

OIL:

0 5 10

InVigor[®] T 4510

Consistent results across varying conditions

2019 trial results across multiple sites

Long-term NVT results in NSW, SA and Victoria

A profitable alternative to OPs

Still growing OP TTs? There's enormous value in switching to InVigor T 4510. The average gains in yield and profit shown here are based on three years of NVT data comparing Bonito with InVigor T 4510.

	NSW	SA	VIC	WA
EXTRA YIELD/ha =	360 kg	350 kg	400 kg	380 kg
EXTRA PROFIT/ha =	\$137	\$131	\$159	\$148

Yields based on long-term mid NVTs 2016–18. Profitability calculations based on these assumptions: canola grain delivery price \$550/t, hybrid seed cost \$70/ha sown at 2.5 kg/ha, farmer-retained Bonito graded and treated cost \$10/ha sown at 3 kg/ha. Additional Bonito cost of \$5/t EPR on grain delivery has not been factored in.

The best seed comes with the best seed treatments:

Poncho[®] Plus

Insecticidal Seed Treatment

A highly effective broad-spectrum insecticide

ILEVO[®]

Seed Treatment Fungicide

A powerful fungicide for protection against blackleg
