Top-end TruFlex[®] performance plus triple trait flexibility

Target record yields with the best InVigor[®] variety yet – one which lets you protect that enormous potential with a more potent and flexible in-crop spray program if and when it's needed.

So why choose InVigor LR 4540P?

Extra yield potential

- Outstanding NVT results
- Excellent yields in low to medium rainfall areas with plenty of upside

Extra protection

- The first TruFlex variety incorporating LibertyLink[®] technology
- An extra mode of action to control resistant annual ryegrass if you need it
- PodGuard[®] protection delivers more grain to the bin

Extra harvest flexibility

- Compact plant height and shatter-tolerance simplify direct heading
- PodGuard makes harvest timings much less critical
